

SPARKLER FILTERS INC.

Allaying separation anxiety since 1927

FILTER MEDIA REGULATORY INFORMATION SHEET

SPARKLER GRADE C

DESCRIPTION:

- White
- Smooth Surface
- Cellulose with Wet Strength Resin

FDA FOOD CONTACT STATUS

The components of the above-mentioned material are listed in the following Food and Drug Administration (FDA) Regulations:

Title 21 Code of Federal Regulation (CFR) 186.1673 Raw Pulps are affirmed as Generally Recognized As Safe (GRAS) for use as substances added indirectly to human food.

Wet strength additives added during the paper making process are approved as indirect food additives:

Paper and Paperboard Components:

1. Title 21 CFR 176.170
Components of paper and paperboard in contact with aqueous and fatty foods.
2. Title 21 CFR 176.10
Component of paper and paperboard in contact with dry foods.

Although the components are listed in the above regulations, limitations may apply as dictated by conditions of use. Therefore, it is the responsibility of the converter of the finished article to determine that the material meets specification and regulatory requirements, as defined by the intended use and final application for the material.
